**London Porter**       500ml      5.4%      £3.20

The soft water of London has always produced the finest porters, and this is no exception. Dark, rich and hoppy, made by roasting the malts that little bit longer to create the chocolaty/coffee notes. The style of beer owes its name to the fact that it gained huge popularity among the porters working at Billingsgate and Smithfield markets. Fullers London Porter was a Gold winner at the International Beer and Cider Competition.

**Vintage Ale**            500ml      8.5%      £4.45

This Specially crafted ale has been carefully brewed to improve with time. Every bottle of each years strictly limited stock bares an individual number and is brewed using that years finest specially selected malts and hops. Bottle conditioning, where a small amount of yeast is allowed to ferment gently in the bottle, means that the flavours really start to develop once its bottled.

These beers are the richest, most complex and extraordinary we produce. We are obliged to state a best before date, but like a fine wine or whiskey, it will only improve with time. Please ask if you would like a presentation box, as a bottle of Vintage Ale makes a fantastic gift.

**THE HARE AND HOUNDS**

At Fullers we believe that beer goes fantastically with food, giving as much, if not more diverse and complex ranges of flavours than wine.

This is why we've produced this menu.

However, all of these beers are fantastic on their own too!
